This edition of The Tiger is brought to you with the hope that it will keep alive your many high school memories. When you flip through these pages a few years from now, I hope you can relive these happy and cherished memories and that you will be taken back to those "good old days."

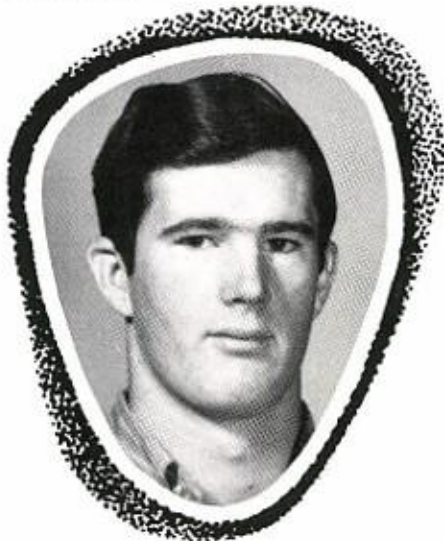

I would like to express my most sincere gratitude to all the other members of the staff. No editor could have had a more agreeable and hard working group to assist him. I know that they will look back on this annual with pride, and they should, for without them it would not have been printed.

Special thanks go to our sponsor, Mrs. Verna King. Her guidance and help made it possible to present this finished product. All of the staff members would like to say "Thank you" for all the aid she gave to each of us.

We hope that we have reached our goals and that you will enjoy this edition of The Tiger.

Dedication

The Annual Staff would like to dedicate this edition of The Tiger to Mrs. Mildred Pennington. Mrs. Pennington has worked hard to instill the goals of the future in her students, and in return, we would like to express our gratitude and appreciation by dedicating this publication to her.

FAILURE OR SUCCESS

Our failures are not nearly as important as our successes. The opportunity we have today to help each other is more demanding, and more vital to survival than ever before in man's history.

Our world will continue to be a world of crisis. But it is also a world of fantastic opportunity.

The Chinese Symbol for the word crisis is composed of two characters that mean danger and opportunity ... a very accurate description of our world, a world of dangerous opportunity.

If we lift a helping hand and an understanding smile to those who will rise on our shoulders, we will be helping to change that dangerous opportunity into progress, achievement and success.

It is upon the foundation of what we do today that we will build for tomorrow.

Each day is a grade with its lessons and its rewards, or its failures. At the end of a worthy day we step up into the higher grade of tomorrow. If carelessly lived and lazily dragged through, we slip back into the grade of yesterday.

And so we may ask ourselves - how about today - this very day? Did we graduate into tomorrow's grade or slip back into the grade of yesterday?

INDIVIDUAL RESPONSIBILITY

In this day the popular thing or belief seems to be that somebody owes each one of us something, or that all of our problems are someone else's responsibility to solve.

This simply is not true nor will it work. Each one of us is an individual. Each one of us controls our thoughts. Each one of us can plan, set our goals and objectives, make choices, select our life's mate. Regardless of the amount of money you receive, large or small, you control it.

We can make excuses to ourselves, complain, find fault or blame our luck on fate, but this will not help because each of us is an individual and what we make of ourselves is our own responsibility.

We, the Seniors of Tidehaven High School, being of unsound mind and in complete possession of what few faculties we have, do make and publish this, our last will and testament. Senior Class Prophecy

On this day of May 26, 1980, we find in the Grand Ballroom of Two-Ton PAUL'S No. 2, which is adjacent to his tortilla factory, the Senior Class of 1970 united to discuss present day occupations, inventions and good ole past times.

Wandering through the room, we overhear BRUCE HICKS, president of Styles, Inc. talking with his No. 1 customer, GARY PIWONKA, who is arranging to have his sideburns frosted. In the corner we find CINDY SPARKS and BILL THOMAS reminiscing their love life at good ole T.H.S.

We hear from ANNE SAHA, editor of the Tin Top Times, that LANA REED has pulled a muscle in her index finger in the last few minutes of the 1979 shorthand olympics and FRANCIS KANA jammed his slide rule and was forced to drop out of the contest. Also the Tin Top Times reports that VIRGINIA JALUFKA has won an academy award for her role in "Tiptoe Through the Tulips."

Outside we hear the roar of a mighty engine and see the FRICK brothers racing team, DANNY and MIKE, with their driver, A. J. (VANCE) PHILLIPS tuning up their turbo-charged, fuel injected, 1958 Edsel. We notice JEANETTE WILLIAMS, Spanish teacher, and BILL CORNELIUS, Driver's Ed Instructor, discussing their many problem students.

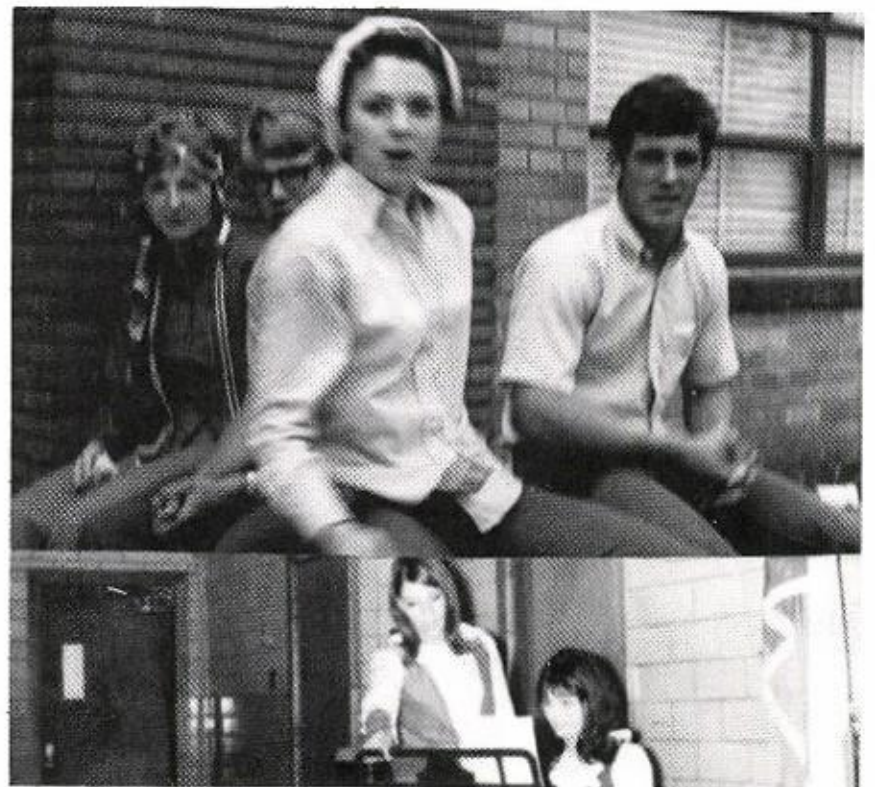

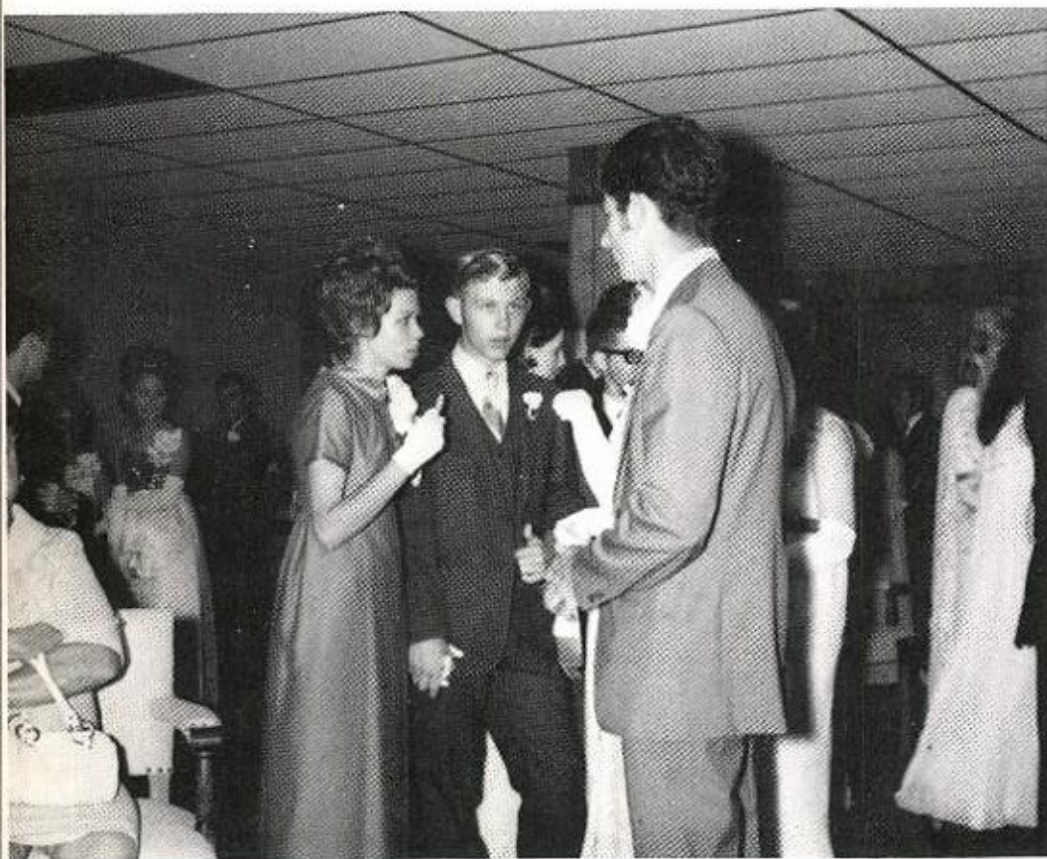

Startled by an awful racket, we turn around to see the wall crumble behind us and DALE WARN, PAT NEMEC, and GLYNN COLLIER fly through the air from the impact of their still exploding. The local L.C.B.'s, DANNY POESSEL and PHILLIP SHINDLER, arrive and escort the three to jail while fire chief ALLAN VALIGURA is busy battling the blaze.

As the fire is extinguished, we look across the street and spy DOROTHY HAHN, star of stage, screen, and idol of millions, returning home after her latest film success with PRESTON FELLERS "It Takes Two to Tango." They are driven by their faithful chauffeur, WAYNE ANDERSON. We also see GARY BEYER and FRANK RAY in hot pursuit of DENNIS DORNAK and JOE KRENEK, two international surfing champions. We look up and see STEPHEN and JANE ZAPALAC flying in from their whooping crane hatchery in Plymouth Rock, Massachusetts.

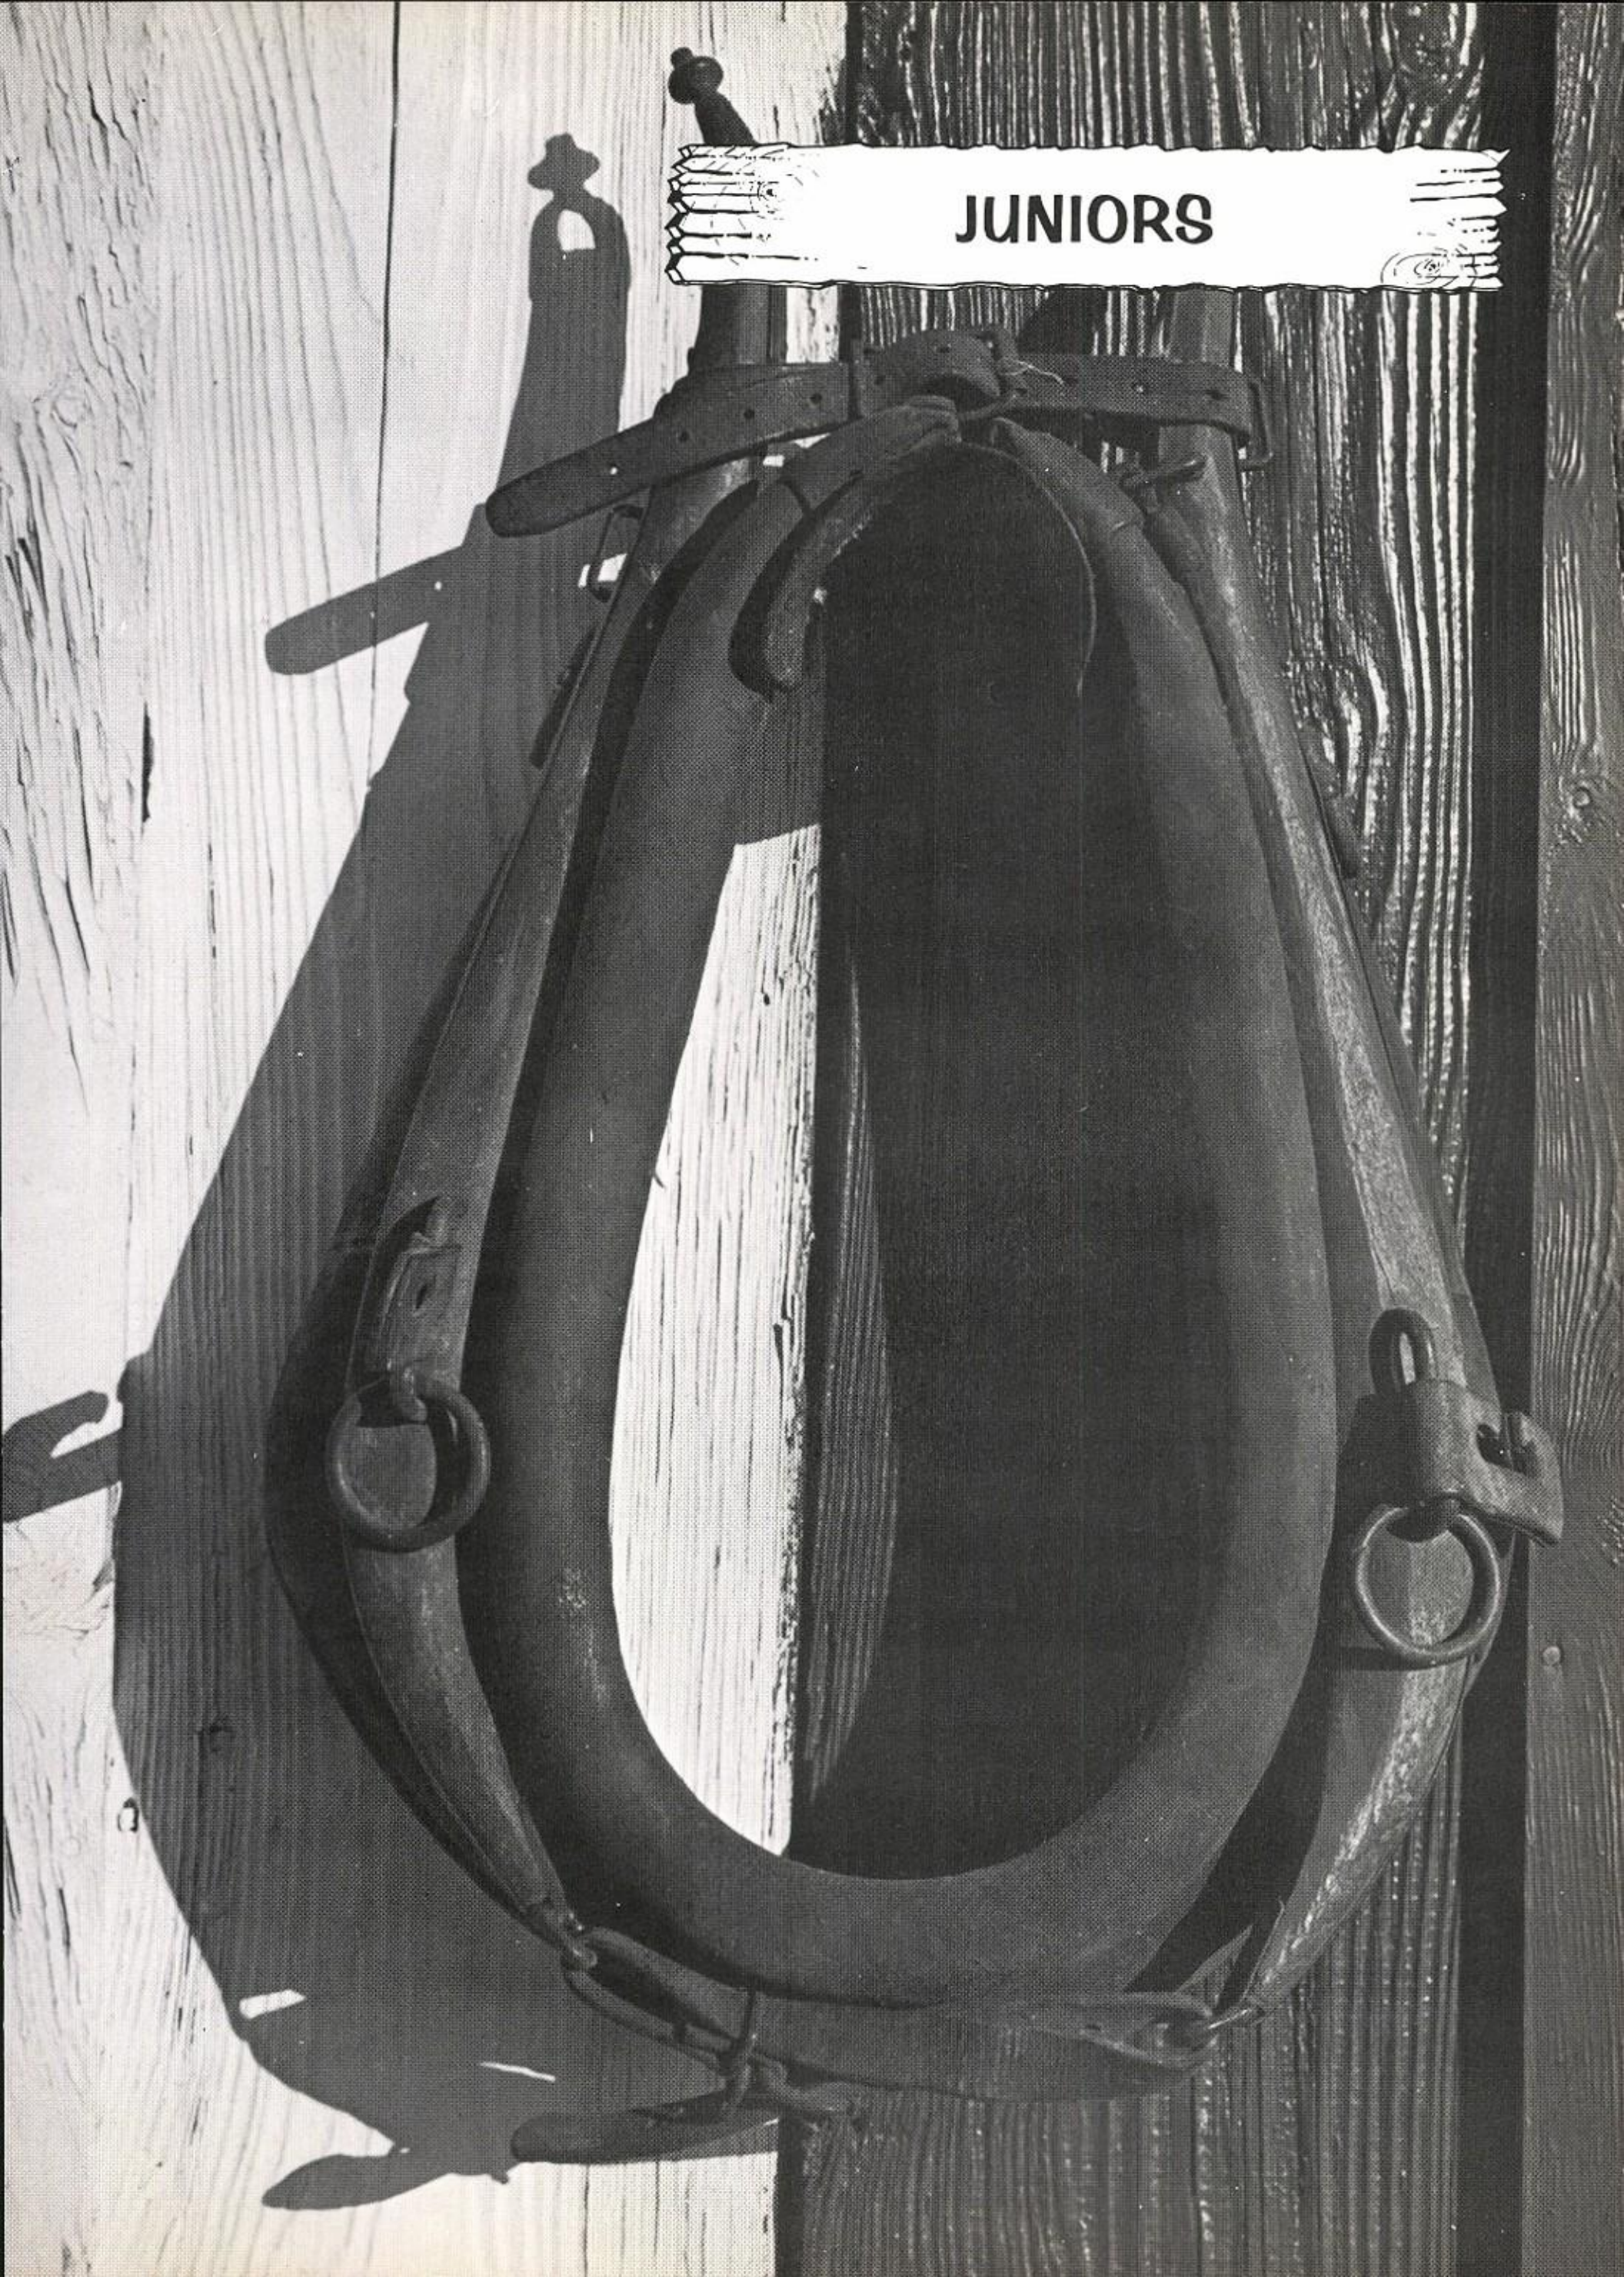

Returning to the ballroom, we see VICKI SMITH, owner of Slenderbolic, and her head trainer, DAUNA WORSHAM, chatting with Roller-Derby champions JOAN LABEFF and JUDY HADLEY. Catching the attention of everyone are go-go girls, CARMEN FABRYGEL, MARILYN BAKER, BETTY NED-BALEK, and GAYLE BUCHANAN who are dancing to KATHY NEMEC and GAIL GORDON's latest hit, "Tennessee Bird Walk", accompanied by SANDRA TRACY on the piano.

DEBBIE MCGINNIS, band director of S.M.U. (Southern Midfield University) strikes up a fan-fare as JEANETTE HICKL, LOU ANN MERTA, and SHARON WOODSON are awarded Outstanding Farmers of Matagorda County for 1980. There is a crowd to the side of the room admiring welding expert, CARL KING's abstract sculpture which was a gift to his fiance, GALE ACKERMAN.

As this reunion ends, it is unanimously decided that the graduating class of 1970 will meet again in the year 2525.

JUNIOR HIGH

Tidehaven Intermediate Principal

Each individual must at some time in his lifetime face up to reality, or make some important decision. Never in history of mankind has a good education been more important to a person. So let me implore you to face up to reality and to continue your formal education as far as possible. The old saying goes, "Where there is the will there is a way."

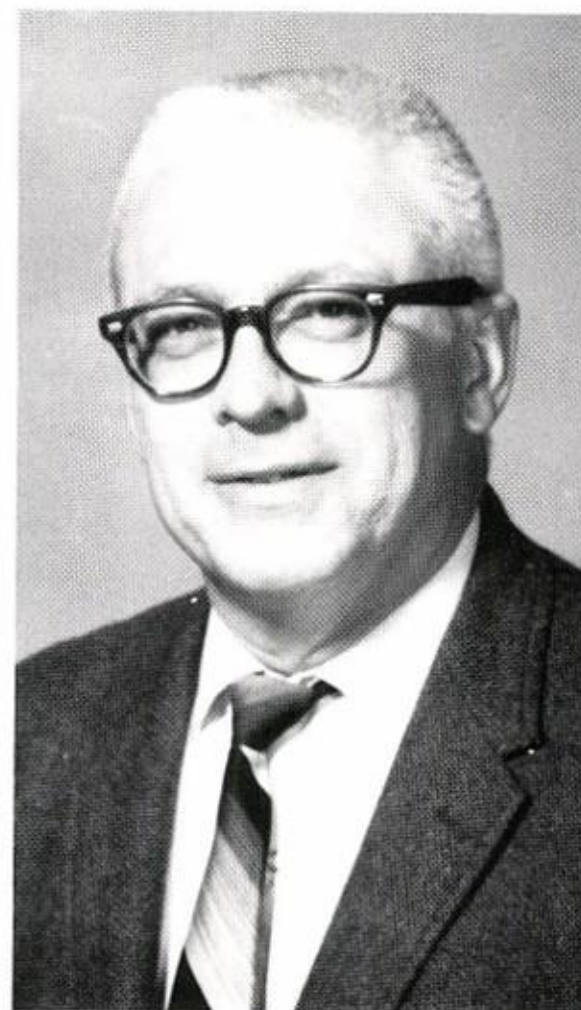

Ray Sparks

Blessing Elementary Principal

You are growing up in an age of accelerated progress. This decade promises to be a real challenge as there is a constantly increasing demand for higher skills and more thoroughly educated minds. Today's students must learn more and attain greater achievements - and do it in less time.

Keep in mind that you must be better educated and better informed than ever before if you are to meet the challenge of our times.

Earl R. Adam, Jr.

Markham Elementary Principal

Our elementary schools today have a great responsibility. They are the backbone of our Nation, the foundation of our Democracy; they foster the development of individual capacities for millions of young Americans. Our schools strive to enable all students to become the best they are capable of becoming; to believe in the future and to learn to make the best of it for themselves and for others.

In the years ahead...

you're going to use electricity in lots of wonderful new ways...

Dishes and clothes will be washed by sound waves instead of suds. An "electronic housecleaner" will keep your whole house clean and dust-free. And CPL assures you there'll always be plenty of dependable, low-priced electricity to run all the electric wonders in your future! Central Power and Light Company, like more than 300 other investor-owned power companies throughout the country, is planning and building *right now* to make sure there'll always be plenty of power year after year for your every need.
